

## 2 KILLED, 3 HURT, IN \$300,000 FIRE IN SIOUX CITY, IO.

Thrilling Rescues With Life Nets  
Made When Block in Business District Burns.

### THREE TRAPPED IN HOTEL

Firemen Are Buried Under Falling Walls and Not Missed by Comrades for Two Hours.

SIOUX CITY, Io., March 25.—Two firemen were killed and three slightly injured and between \$200,000 and \$300,000 damage done in a fire which swept the quarter block at Fourth and Nebraska streets, the heart of the business district, today.

The dead are:  
Frank Fulton, pipeman, Company No. 1.  
Sweeney Lawson, driver for Fire Chief Kellors.

The blaze started in a five-story building occupied by the Anderson Furniture Co. The firemen were fighting the flames from Fourth street when the wall fell and two of them were caught under it and killed. It was nearly two hours before the men were missed by their comrades.

The flames rapidly spread through the Anderson building and communicated to the Frank Hotel, adjoining. Occupants in the hotel were warned and most of them escaped by the stairways. Three men in the hotel were cut off by the flames. They were forced to leap from their lives and were caught in fire nets, escaping uninjured.

The flames spread through the hotel on one side and on the other side of the Anderson building communicated to the three-story building occupied by the Moore Clothing Co.

Thrilling escape from the third floor of the corner building over the Moore clothing store and the Central Bank was made by several women and men, who leaped into life nets.

### 12 Firemen Overcome in Milwaukee Fire.

MILWAUKEE, Wis., March 25.—Fire last night destroyed the five-story building occupied by the Benjamin Young Saddlery Co. and the Rose Casing and Supply Co., at Milwaukee and Detroit streets. Twelve firemen were overcome by smoke.

Ten Fall Beaters for 210-Pound Man. JACKSONVILLE, Ill., March 25.—Ten men were required to lower the body of Peter Bauman into a grave at Arena-ville, yesterday. Mr. Bauman weighed 210 pounds.

## MARQUIS TO SUE WIFE WHO WAS A MISS WAINWRIGHT

He and St. Louis Brewer Fought on Paris Boulevard Five Years Ago Over Loan.

### NEW YORK, March 25.—A cable dispatch to a morning paper says that Julio Francesco Augustin Damasio de Moya, Marquis Damasio, is about to bring a divorce suit against his American wife, formerly Miss Josephine Wainwright, who is described in the dispatch as the niece of Ellis Wainwright, former St. Louis brewer.

Charges are expected to be made by both sides in the divorce case, according to the dispatch. The Marquis and Marquise were married 11 years ago, and live in a fine apartment in the Avenue Henri Martin.

Money troubles have arisen between the Marquis and Marquise from time to time. Last fall the Marquis's automobile was seized by a man named Dubois, to whom her husband owed \$100.

She sued Dubois unsuccessfully for \$10,000 damages.

The Marquis is well known in Pittsburgh, where she has been called the "beautiful Parisienne" because of her stylish frocks and hats.

The Marquis did not fight back, being a man of extreme corpulence, but contented himself with calling his assailant an "American barbarian."

Wainwright then had been in Paris for seven years because an indictment for bribery was pending against him in St. Louis. This charge was dismissed three years ago after Wainwright's return to St. Louis.

### Mixed Chocolate and Fruit.

1 lb., 50c; Friday & Saturday special, Oakes, 512 Locust st. Parcel post, add 10c.

Wainwright's Sister-in-Law Never Heard of the Marquis. Mrs. Douglas G. Cook of 3233 Washington boulevard, a sister-in-law of Ellis Wainwright, told a Post-Dispatch reporter Thursday that the Josephine Wainwright mentioned in the Paris dispatch is not related to Ellis Wainwright.

"I never heard of Josephine Wainwright," she said. "Mr. Wainwright has no nephews or nieces."

GOOD NEWS: Heavy got the diamond ring on credit at Louis Bros. & Co., 34 floor, 303 N. 3d st. Will be married soon.

## POST-DISPATCH PAGEANT PICTURES IN SCHOOLS

Thirty-Eight Theaters Also Displaying Slides of Original Color Drawings.

Copies of 20 lantern slides, bearing on the Pageant and Masque of St. Louis, in Forest Park, May 25-26, have been

sent to the public schools for display, and have been distributed among picture shows. Among them are L. E. Conroy's original color drawings of "The Mount Builders," "De Soto Discovering the Mississippi," and "Laclede and Chouteau Marking the Site of St. Louis." These were reproduced from the Magazine Section of the Sunday Post-Dispatch. They are distributed from the Pageant headquarters, 750 Century Building.

by J. C. Leyendecker, the figure of Gold for the Masque, costumes in the period covered by the Pageant, and the Pageant field as it will appear at the time of the production. One slide a week is furnished to each of 18 picture shows, to be displayed between moving picture films. They are distributed from the Pageant headquarters, 750 Century Building.

## EARTHQUAKE AT MESSINA

Inhabitants Flee Into Country; None Hurt.

MESSINA, Sicily, March 25.—An earthquake shock, accompanied by a violent storm, caused a panic today among the inhabitants of this district, most of whom fled to the open country. When the storm subsided it was esti-

imated that the damage had been insignificant and that no one had been injured.

New Was College President Coming. HONOLULU, March 25.—Brigadier General Montgomery M. Macomb sailed yesterday on the liner Wilhelmina for San Francisco, on his way to Washington, to assume the presidency of the War College.

Boy Shot by Police Dies. TERRE HAUTE, Ind., March 25.—Ernest McWilliams, 15 years old, died today of wounds received Tuesday in a 4-minute pistol fight with the police. McWilliams was caught in the rear story of Ed Tetzl and suspected of theft. The boy said he was there to get even with Tetzl, who had refused him employment. McWilliams said he came here from Poplar Bluff, Mo.

3 MEN CONVICTED OF  
DE LUXE BOOK FRAUD

They Were Accused of Conspiracy to Defraud Woman and Larceny of \$87,000.

BOSTON, March 25.—The jury in the so-called de luxe book case today returned a verdict of guilty against the three defendants, Glenn F. Farmer and

James F. Powers of New York and Samuel Rosenfield of Chicago.

Rosenfield and Farmer were sentenced to State prison, the former for a term of six to eight years and the latter for three to five years. Powers was given two and one-half years in the House of Correction.

The men were accused of conspiracy to defraud Mrs. Mary L. Rogers of this city and of the larceny from her of \$87,000 by inducing her to advance money for the purchase of what were repre-

sented to be rare volumes and upon which she had been made to believe she would be able to make a large profit when the editions would be out of print.

Milkman Loses \$1.00 in Robbery. Louis Ehlers of 218 Montgomery street, delivering milk for the Grafeman Dairy, was approached by two men with revolvers when he jumped from his wagon in front of 318 Howard street, about 4 o'clock Thursday morning. They took \$1.50 from his pocket.

VILLA REPULSED,  
SAYS HE'LL AGAIN  
ATTACK TORREON

Rebels Driven Out of Gomez Palace With Heavy Loss of Life When Overwhelming Federal Force, Refreshed, Makes an Unexpected Attack.

VILLA REPLENISHES  
AMMUNITION SUPPLY

Constitutionalist Chief Says He Yet Will Win—Gen. Benavides Leads Successful Assaults on City From East.

WASHINGTON, March 25.—This message sent from Mexico City last night was received at the embassy here today: "Rebels once more routed and repulsed at Gomez Palace with heavy losses while trying to approach Torreón."

Officials here, in analyzing conflicting advices received from the several sources, believe the situation is as follows: Villa, in his advance on Torreón, drove in the Federal outposts and continued the fighting through Gomez Palace, a suburb of Torreón. Meanwhile, Gen. Benavides, with a much smaller force, advanced on the city from the east. After reaching the Nazas River, which divides Torreón from its suburbs, Villa, feeling a sense of security on account of the minor resistance he had encountered, was caught off his guard by a heavy force of fresh Federal troops who drove him back from Gomez to his base at El Virgil.

VILLA PREPARES  
TO RENEW ATTACKS

EL VIRGIL, Mexico, March 25.—Gen. Villa prepared early today again to push his forces, which were repulsed in previous fighting, against the Torreón defenses, following hasty orders which had been given to replenish his ammunition supply, depleted in the previous fighting. Villa and his troops were forced to fall back to this point, 10 miles from Torreón.

The defeat of the Constitutionalist under Gen. Toribio Ortega was unexpected by Villa. After his men had occupied Gomez Palace, in the outskirts of Torreón, they were met by an overwhelming force of Federal under Gen. Ricardo Pena, out of Torreón Tuesday morning, and after desperate fighting were driven out of the city with heavy loss of life. About 1500 Federal soldiers and 500 Constitutionalist were engaged. The Federalists were fresh, while Gen. Villa's men were exhausted from the heavy fighting of Sunday. The attack was utterly unexpected, and there was no time to move up reinforcements.

Gen. Villa says the action in no way was decisive, and that he will win yet. Reports from Matamoros are that Gen. Benavides has made several successful charges into Torreón from the east, but as yet has gained no material advantage. Constitutionalist are greatly encouraged by the news that Gen. Benavides is operating on the Torreón side of the Nazas River.

To the complaint that correspondents are not being allowed to send more news, Gen. Villa replied: "The military wires will be opened freely to the press at the moment I enter Torreón. I cannot permit more than brief messages until then, and they will be censored according to military custom."

Torreón Has 34,271 People, and is Trade Center. Torreón, which, according to a recent enumeration, has a population of 34,271, is situated in the extreme southeast part of the State of Durango, near the line which separates Durango from Coahuila. It is 5500 feet above the sea level.

The city is the geographical center, depot of supplies and distributing point for the entire Laguna district. It is the junction of two of the most important lines of the National Railways system, the Mexican Central from El Paso to the City of Mexico and the Mexican International from Eagle Pass to Durango. Besides this it has many other connections with the City of Mexico, the United States and the Gulf of Mexico by way of Monterrey, on the Pacific Coast. The city is approximately 500 miles from El Paso and 400 miles from the shores of the Gulf of Mexico. The Nazas River runs between Torreón and Lardo, a suburb. Gomez Palace, where much of the fighting has occurred, is just beyond Lardo to the northwest, and El Virgil is 10 miles out.

Torreón is regarded as one of the keys to the Mexican capital and lies about half way between the City of Mexico and the Rio Grande. One of its strongholds is the mountain Del Pilar, which had been heavily fortified by the Federalists in advance of the coming of Villa.

JUDGE LINDSEY'S BRIDE  
FORCED TO QUIT DENVER

DENVER, Colo., March 25.—Mrs. Ben Lindsey, the wife of Denver's Juvenile Court Judge, must leave Denver. This was the decree of her physicians yesterday. Judge Lindsey said he had made arrangements to take her to San Francisco.

"We can only hope for the best," said Judge Lindsey. "Mrs. Lindsey has been ill ever since we came to Denver. She suffered an attack of heart disease soon after coming here and has not been well since."

ROADS CUT RATES FOR  
SAN FRANCISCO FAIR

Transcontinental Fares for Panama-Pacific Exposition to Be Lowest Ever Agreed Upon.

SAN FRANCISCO, March 25.—The Transcontinental Passenger Association today concluded details of the rates announced yesterday for Eastern traffic to the Panama-Pacific

Exposition. The 1915 rates are said to be the lowest ever agreed on. The round-trip from points west of Chicago will be the price of the present first-class one-way fare, the mileage in some cases being less than one cent.

A time limit of 30 days is allowed and tourists will be able to take in the fair and the San Diego Exposition on one ticket.

Tuxedo—the Most Enjoyable  
and the Most Healthful Smoke

THE most enjoyable smoke is a pipe. But many men deny themselves this pleasure because they have had unhappy experiences with pipe tobaccos.

Likely you have paid 35 cents to 50 cents for a tin of "fancy mixture," and it burned your mouth or throat, or was unpleasantly strong.

# Tomorrow—The March Coupon Day—The Bargain Event of the Month

## The Law of the Coupon Sale

Everything advertised in the monthly Coupon Sale must be materially lower in price than it has been at any previous time during the month, even though reduced in price before.

STIX, BAER & FULLER D. G. CO.

The March Coupon Sale has a series of bargain surprises awaiting everyone who visits this store Friday.

Practically every one of the 100 different departments has prepared a number of Coupon Day lots which bear a lower price than these lots have previously sold for at any time.

## The Law of the Coupon Sale Is Being Strictly Enforced!

No mail, telephone or C. O. D. orders on Coupon Day lots, as in most instances, quantities are small.

All charge purchases made on Friday and the balance of the month will be placed on April accounts and bills rendered May 1st.

# YOUTH ELUDES CROWD, CAUGHT BY LONE MAN

Wm. Hamlin, Accused of Trying to Drive Off Team, Is Chased for Blocks.

William Hamlin, 19 years old, of 406 1/2 Lucky street, dodged behind a barrel in the alley in the rear of 512 North Third street to get away from a crowd that pursued him Wednesday afternoon. He eluded the crowd, but a few minutes later, when crawling from his hiding place, was caught by a policeman.

The chase after Hamlin began at Broadway and St. Charles street at 3 p. m., when he attempted to drive away with a team and wagon of merchandise belonging to the Peerless Express Co., 207 North Tenth street. Frank Trogan of 5108 McKissock avenue, the driver,

jumped on the wagon while Hamlin was whipping the horse into a gallop. Hamlin then jumped from the driver's seat and ran toward Third street with a crowd at his heels. He told the police he was standing at Sixth and St. Charles streets when a stranger asked him to drive the team. The man, he said, had his right hand bandaged and declared he was unable to drive the team.

# GEROLD EVIDENCE ALL IN ARGUMENT IS BEGUN BY WEBB

Former East St. Louis Treasurer's Wife, Son and Baby Hear Prosecutor Review Case.

CALLS RODENBERGER LIAR

State's Attorney Declares Insinuation About Missing Books to Be Untrue.

Testimony was closed at 9:45 a. m. Thursday and 10 hours' arguments begun by attorneys in the trial of former Treasurer E. Fred Gerold of East St. Louis, charged with withholding about \$50,000 city funds.

Gerold's wife, accompanied by his son and baby, came into court just as the case was closed and took seats beside the defendant.

State's Attorney Charles Webb, in opening the argument, declared when Gerold went out of office he prepared a balance sheet showing \$137,477.77 city funds in his hands. But, in fact, Webb said, Gerold had many thousands of dollars more of city funds which he was required to turn over to Frank Keating, his successor.

**\$41,321 Due the City, Says Webb.**  
Webb asserted Gerold turned over \$114,246.67 of the Lynch Avenue Improvement Fund, leaving, according to Gerold's own statement, \$23,346.65 due the city, which included \$4,300.20 on assigned warrants. At the trial, Webb said, Gerold acknowledged \$3575 more was due the city for three items. The State's Attorney declared the prosecution had proved Gerold had paid out \$14,336 in excess and duplicate payments on street improvements, making a total of \$41,321.65 which, the State contended Gerold owed the city. Gerold, during the trial, paid \$20,461 to his successor, Treasurer Keating.

The State's Attorney conceded Webb is entitled to credit for all money he actually paid out on warrants, but he asked what evidence there was that Gerold had paid \$1176 in one month to his cousin, H. W. Rodewell, and had paid \$371 in one month to Lester LeCompte, his brother's stepson.

Referring to Rodenberger's insinuation that the State's Attorney's office knew what had become of seven books which had disappeared from the Comptroller's office, Webb said: "I brand that witness a scoundrel and a liar."

Judge Pope sustained Attorney Sullivan's objection to this and instructed the jury not to consider it. Webb said the overpayment of \$6800 on the outlet sewer had not been denied by the defense. Whether Gerold paid out that money in person or not he was still guilty, Webb said. He called attention to the fact that another excess credit of \$1000 had been admitted by Gerold and that the only defense was that it was an error. "It is a strange thing all these errors were in Gerold's favor," said Webb.

After telling the jury that the penalty for the offense charged against Webb is from one month to one year in the penitentiary and ineligibility to hold public office, Webb dramatically exclaimed: "A dishonest man in public office is worse than a pickpocket."

**Gustine Reviews the Evidence.**  
Assistant State's Attorney Gustine in his argument reviewed the evidence and cited specific instances in which, he alleged, city funds had been withheld.

Thomas Webb, Assistant State's Attorney, and Gerold were the last two witnesses, having been called early in the morning. The former testifying in rebuttal of his relations with Gerold as Gerold's attorney prior to the prosecution of Gerold. He said he was not Gerold's attorney when Gerold succeeded Frank Holten as City Treasurer; that he knew nothing of any settlement between Holten and Gerold; that he never was consulted by Gerold about coupons Gerold received from Holten, never heard about the assignment of warrants which figured in the trial, and never saw them until they were introduced in court. He said he did not advise Gerold that he could not appropriate to various city funds the money in his possession when he quit office.

He declared Gerold told him he had certain warrants he wanted included in the settlement with his successor, who demanded the money be distributed to the various funds. Webb said he told Gerold that could be done. He testified Gerold said he would not pay the other money unless given credit for the warrants totalling \$2000.20.

Thomas Webb declared he asked Gerold why the money could not be apportioned to the different funds and that Gerold told him it could not be done because some of the funds were overdrawn. Gerold, in rebuttal, testified the warrants were in his office at the conference Webb attended and were discussed by them. He denied he told Webb the money could not be distributed and denied he said he would not turn over the cash unless the warrants were credited. He said Webb advised him not to turn over the cash until given credit for the warrants.

Evidence about a credit of \$117 claimed by Gerold as having been paid by him on an assignment warrant to Henry Burton, a garbage wagon driver, was withdrawn by Gerold's attorneys Wednesday evening after Burton had testified that he was not working for the city at the date of the warrant, that he did not sign it, and that when he did work for the city during the previous year he drove a team owned by Gerold and delivered garbage to a hog pen to which he was directed by Ben Gerold, brother of the City Treasurer. Burton was brought back last Sunday from Central Illinois, where he went before the trial began, at the instance, he says, of Ben Gerold and Raymond LeCompte, a relative of the Gerolds, who gave him \$20. Burton says, to absent himself during the trial. Ben Gerold and LeCompte are under bond to answer in Justice Byrne's court to absconding a witness and are also under contempt charges before Judge Pope.

# WOMAN HIT BY AUTO LOSSES SUIT FOR \$10,000

Defenses Contended Mrs. Anna B. Mabrey Was Negligent in Crossing Street.

Anna B. Mabrey, 58 years old, who was run down by an automobile belonging to Frank E. Kauffman of Kirkwood, lost her suit for damages Thursday in Circuit Judge Wurdeman's court at Clayton, where it had been on trial three days. A jury returned a verdict in favor of the defendant, who is president of the Berner, Craft & Kauffman

Milling Co., with offices in the Pierce Building. Mrs. Mabrey, whose husband, T. W. Mabrey, formerly was Speaker of the Missouri House of Representatives, and who now is employed in the customs service, was injured May 2, 1913, in front of the Grand-Leader. She had started to cross from the south to the north side of Washington avenue, in the middle of the block, between Sixth and Seventh streets, when struck by the eastbound auto, driven by Walter C. Nelson of 769 Mitchell avenue. The defense contended she was guilty of contributory negligence by failing to cross the street at crossings where traffic officers are stationed.

Mrs. Mabrey's attorneys said her memory, hearing and sight were gone, and that the removal of part of her skull left her in a condition which might cause death at any time. Mrs. Mabrey, on the stand, said she could not recall a thing about the accident, so her attorneys had to establish the fact through other witnesses.

# DORE'S SLAYER GETS LIFE

Indian Convicted of Killing Roosevelt's Bodyguard.

STILWELL, Ok., March 25.—Tandy Folsom, a Cherokee Indian, was found guilty today of killing Patrick Dore, an Oklahoma politician, at Westville. He was sentenced to life imprisonment. Folsom shot Dore to death on a Westville street as the result of a quarrel over an estate in which both men were interested. Dore was conspicuous among Theodore Roosevelt's bodyguard at the Chicago Progressive convention on account of his height and physique.

## Your Grandmother's Remedy for Purifying the Blood

And Renovating the System in the Springtime

ASK FOR SULPHUR TABLETS.

What was grandmother's unexcelled remedy? Haven't you heard of it? Yes, you have! It was sulphur, cream of tartar and molasses. The main trouble with it was its nauseous taste. A modern method puts the cream of tartar and sulphur into sugar-coated tablets and mixes them with herbs, roots, etc., making a wonderful tonic blood purifier and system cleanser. Just try Sulphur Tablets (not sulphur tablets), but Sulphur—remember the name—and get the tablets in sealed tubes at 50c per tube. Grow-up people and children who don't feel well, who are constipated or sluggish, or who have pimples, boils, carbuncles, ulcers, and the like, can soon rid the system of these impurities by taking this good old-fashioned remedy in modern form. Their action satisfies or money is refunded by the Prescription Products Company, Dayton, Ohio. A free trial sent to any address. Buy of any well-stocked drug-gist.

## TERMINAL CASE TO GO BACK TO SUPREME COURT

Crow to File Here Appeal Motion for Tribunal to Interpret Its Decision.

WASHINGTON, March 26.—An appeal to the United States Supreme Court to interpret its own decision in the Government suit against the Terminal Railroad Association of St. Louis, with respect particularly to the bridge authority, will be taken by former Attorney-General Crow of Missouri, according to a decision of the United States Attorney-General's office.

Before leaving for St. Louis last night Crow conferred with Assistant Attorney-General Todd relative to taking the Terminal case back to the Supreme

Court. It was agreed that this was to be done, and Crow left here with instructions to file with United States Circuit Judge Sanborn, Hook, Adams and Smith, at St. Louis, a motion for an appeal.

As soon as the motion is granted the Attorney-General's office here will move to have the case advanced on the docket for an early decision. The Government is dissatisfied with the District Court's decree recently entered at St. Louis, under which the Terminal is continuing to charge an arbitrary of 20 cents a ton on coal and other products originating within a zone of 100 miles from St. Louis.

Crow came here to make an argument before a Senate committee on Senator Reed's resolution to confiscate the Merchants Bridge for violation of its charter. After he had finished his arguments he consulted the Attorney-General's office on the Terminal case. It was not until after a full discussion of the recent decree entered at St. Louis by Judge Hook, Smith and Sanborn that Crow was directed by the department to take the appeal.

## ROLL CALLS AND MOTIONS BY FOES HALT TOLLS BILL

Every Agency of Obstruction Employed to Delay Vote on 20-Hour Debate Limit.

OWENS OPENS IN SENATE

Three Factions Against Administration and Spectacular Battle Is Imminent.

WASHINGTON, March 26.—The Panama tolls repeal bill was obstructed in the House today by a parliamentary situation, the opponents drew on all their resources to hamper the measure.

President Wilson, confident of the success of the fight, received reports of the situation at the White House. Leaders assured him a safe majority would carry the repeal.

The Senate began its own debate with a speech by Senator Owen. Senator Lewis introduced a resolution for equal tolls for all.

President assured of Majority. President Wilson conferred with several Congressmen before the House convened. Representatives Coving of Maryland and Bell of Georgia, who are helping to line up the administration forces, told him there would be a majority of at least 50 on the passage of a special rule, or about 75 or 100 in adoption of the repeal.

Aligned against the President's demand for the repeal are the three leaders of the parties in the House, Representative Underwood of the Democrats, Representative Mann of the Republicans and Representative Murdock of the Progressives. Wings of all three parties are behind these leaders.

On the other hand, Chairman Adamson of the House Interstate and Foreign Commerce Committee, Representative Henry, chairman of the Rules Committee, Representative Stevens of Minnesota and many other Representatives of all parties, have accepted the President's proposition.

These Missourians Opposed. The only Missourians now opposing the administration on the canal tolls are Representatives Dyer, a stand-pat Republican; Alexander and Igoe. Dyer is one of the Republicans who always followed the party organization. Alexander is said to be averting toward repeal and he may announce support of the President before the debate progresses far.

Mr. Igo is a new member. He represents the Democratic organization in St. Louis. He is of Irish extraction and many of his constituents are Irishmen. "Pat" Gill, whom he succeeded to the House, may be a candidate against him at the next election. It is conceded that a vote for repeal by Igoe would aid Gill because of the racial antipathies that have been stirred up by the ship subsidy propagandists.

The fact that most of the Missourians in the House are supporting President Wilson is expected to influence Speaker Clark's course now that the backbone of the ship subsidy opposition has been broken.

ROBBERS HOLD UP WRONG AUTO; THEN APOLOGIZE

Frank Schmidt, an auto dealer of East St. Louis living at the Illinois Hotel, was riding west on Bond street, East St. Louis, Wednesday night in a limousine when, at Fourteenth street, something seemed to go wrong with his rear tires.

He stopped and walked to the rear of his machine. Three negroes aimed revolvers at him. Then two searched him, taking several dollars, while the third looked into the limousine.

"Scuse us, boss, we're sorry, but this is a case of mistaken identity," one told him. "A limousine passed here some time ago loaded with women wearing diamonds. We thought you had those women with you. We were after the diamonds."

More apologies followed and the negroes requested that Schmidt not mention the little affair to the police. But they failed to return the money taken from Schmidt's pockets and he told the police.

WOODWARD LEFT \$50,299

Personality of Late Washington U. Professor Mostly in Stocks.

Personal property worth \$50,299.32 was left by Prof. Calvin M. Woodward of Washington University, who died Jan. 12, according to an inventory filed in the Probate Court Thursday. In addition to the personal property, Prof. Woodward owned his home at 2930 Hawthorne boulevard, and two lots at 2013 and 2015 Hawthorne boulevard. He owned also a summer home at Butter Island, Me.

The personal property consisted of stocks worth \$13,863, and bonds worth \$4,299, and some other smaller items. The executors of the estate were unable to approximate the value of the royalties on a book, "The Manual Training School," which Prof. Woodward had written. The estate was willfully left Woodward and her three daughters.

## TROUBLE ALL ALONG LINE FOR JOHN D.'S BIG ROCK

Villagers Demand He Give Bond Before Dragging It Through Their Streets.

NEW YORK, March 26.—John D. Rockefeller has encountered further trouble in the removal of the huge stone said to weigh 250 tons which he is to take to Tarrytown from Long Island. Village boards along the way refused permission to use the streets unless he furnished a bond.

The Board of Water Supply learned the rock will have to be taken across the old Croton aqueduct and demanded Mr. Rockefeller build a steel structure over the highway at that point.

Instead of horses, it is said a giant tractor, possibly two or three, will be used to draw the stone up the hills.

WHAT SHALL I GIVE HER? A diamond ring, of course, from Letitia Brock & Co., 308 N. 5th st. Eight months to pay.

## BIPLANE GLIDES 800 FEET WITHOUT GUIDANCE

Aviator Makes Easy Drop to Earth in Test of a "Proof" Machine.

BOSTON, March 26.—When 800 feet high in a Dunne biplane at Marblehead yesterday, Clifford L. Webster stopped his engine and took his hands from the control levers. The machine immediately assumed a flat, gliding angle and coasted down to the surface of the water wholly without guidance. When only a yard or two above the water the pilot straightened out his craft and landed gently.

Mr. Webster had previously put the aeroplane through paces with Lieut. Jerome Hunsacker, U. S. N., as an observer and a passenger.

The tests were to show that the Dunne is a "foolproof" machine that cannot be upset by a careless or inexperienced operator. So far the experiments have been promising.

# WOMAN, IN BED, WATCHES BURGLAR SEARCH ROOM

Intruder Warns Her to Be Quiet,  
Confines Hunt and Escapes  
With Jewelry.

After calling policemen to her home by telephone Wednesday night, Mrs. Frank H. Wielandy of 2386 Dodder street told them she had talked with a burglar who entered her first-floor bedroom and had

watched him while he searched for valuables. Mrs. Wielandy Thursday said that about 9:45 p. m. she awoke and saw a man standing in her bedroom, near a window. She had closed the window before retiring, but it was open when she awoke. Mrs. Wielandy said: "What do you want?" The burglar turned and threw the light of an electric flash lamp in her face. "Keep quiet," he said.

He then went into the kitchen and opened an outer door. He returned and she saw him take a turquoise and diamond ring and a purse containing \$2. Sleeping with Mrs. Wielandy was a 2-year-old boy. He and two children in another room were not awakened. After rifling the dresser the burglar went into the dining room. She jumped from her bed and closed and locked the door leading to the dining room, hoping to trap the burglar, but he escaped through the kitchen.

## \$9,700,000 BOND ISSUE ELECTION ON JUNE 23 PROPOSED

Joint Committee Will Introduce  
Improvement Scheme Measure Friday.

28-CENT TAX RAISE SEEN

Assemblymen Add \$200,000 for  
Koch Hospital and Favor  
New Sprinkling Plan.

A special election, June 23, for the submission of the \$9,700,000 bond issue for general improvements will be authorized by a bill to be introduced Friday in both branches of the Municipal Assembly by the Joint Committee which ended its sessions Wednesday.

At its last session the committee voted to add \$200,000 for the erection of new buildings at Koch Hospital for tuberculosis, to the \$5,500,000 previously agreed on. It was decided also to introduce a bill authorizing the Street Commission to purchase equipment and hire men to replace the sprinkling contract system in April, 1915.

General Taxes for Sprinkling. The municipal sprinkling department under this plan will be created by general taxes instead of by bond issue, as planned originally. The committee had no accurate estimates of cost and will consult Street Commissioner Talbert and President Kinsey of the Board of Public Improvements before introducing the bill which City Counselor Baird was asked to prepare Wednesday.

The proposed election would be a week prior to the date of a special free bridge bond election authorized in a bill introduced Tuesday by Councilman Julius Haller. If the Assembly approved both bills, one day registration might be fixed to serve for the two elections, June 23 and 30.

Improvement bonds would leave about \$5,000,000 under the bonded debt limit fixed by the State Constitution, from which \$2,750,000 of bridge bonds might be issued.

28-Cent Tax Increase.

Comptroller Player has informed the committee that a general bond issue of \$9,500,000 would require an increase in the tax rate of 16 cents on the \$100. Player also has calculated that \$2,750,000 of bridge bonds would require an increase of about 4 cents in the tax rate, and predicts the tax rate must be increased at least 3 cents next month to provide revenue for ordinary expenses. The tax rate this year is \$1.22 for all purposes, and the three increases proposed would add 28 cents to this rate, making a total rate of \$1.50 on the \$100.

At the final meeting of the Joint Bond Issue Committee, Councilmen Mehan and Protzman and Delegates Seely and Elbrecht were present. The vote was unanimous for the Koch Hospital bonds and in favor of a municipal sprinkling department to be created out of the general revenue fund.

### PRODUCERS TO DEMAND HIGHER PRICE FOR MILK

Illinois Farmers, Who Want 15  
Cents a Gallon, Will Meet  
Dealers in St. Louis.

At a meeting to be held at the Laclede Hotel in St. Louis Tuesday afternoon will be made to determine the wholesale price of milk for a period of six months, ending Oct. 1. The discussion will be between the St. Louis dairy companies and the Southern Illinois Milk Producers' Association, which includes in its membership 1978 farmers and small dairy owners.

The 17 officers and directors of the association met the St. Louis dealers at the Laclede this week and presented a demand for \$14.6 a hundred pounds, or 15 cents a gallon, as the summer price.

Milk is bought by the hundred pounds where the St. Louis dairies maintain cross-road depots along the transportation lines, where the farmers take their milk and sell it by weight; the cost of transportation falling upon the purchaser. Where milk is shipped into the city by the producer, who pays the express to its destination, it is sold by the gallon.

These summer prices are an advance of 4 cents a gallon or 5 cents on the hundred pounds.

## Friday and Saturday—Last Two Days of This Remarkable Offering

# Complete Parlor Outfit

Consisting of GENUINE LEATHER Settee, Chair and  
Rocker—with Library Table and Art Lamp—as illustrated

TERMS—\$2.00 CASH—\$2.00 A MONTH

**\$29.75**

You owe it to yourself to investigate this extraordinary bargain opportunity.

#### The Parlor Suit

Consists of three large and handsome pieces—a Settee, Chair and Rocker—the frames are of massive design, in Colonial effect and in finest mahogany finish—each piece has bent back, shaped arms and French legs—and the construction throughout is the best in every way.

#### It's Genuine Leather

All three pieces of this Parlor Suit are upholstered in genuine leather of the finest quality over beds of oil-tempered steel springs—and remember when we say genuine leather we mean the real article and not one of the many imitations of leather which are so often found in parlor suits under the name of Royal, Chase or Fabricoid leather.

#### The Library Table

Is exactly as illustrated—a design that harmonizes perfectly with the rest of the suit—it is extra long and wide—in rich mahogany finish, highly polished and finely finished—has 24x36-inch top, fancy designed legs and broad lower shelf for books or magazines.

#### The Art Lamp

Is extremely attractive—has large leaded glass dome shade in fancy design with deep beaded fringe—and is fitted for electricity (with cord) or for gas (with tubing) as desired—a lamp that you are sure to admire and one that adds the finishing touch to this attractive outfit.

#### Figure It Up

To appreciate this offer you must consider what these pieces would cost you if bought separately—a genuine leather Parlor Suit like this cannot be had elsewhere for less than \$32—the table is a \$10.00 value—the art lamp would be a bargain at \$8.00—so we are offering you a \$50.00 outfit for only \$29.75.

#### Note the Terms

As a special inducement to you to open an account with us this week, we offer this handsome outfit at this extremely low price of \$29.75—and on terms of payment that are equally pleasing—all you pay is \$2.00 cash and the balance \$2.00 a month.

WRIT IS SERVED ON  
PROMOTER IN NOTE SUIT

Belleville Farmer Seeks to Stop  
Sale of \$12,500 Note in  
Deal for Stock.

R. W. D. Holder, attorney of Belleville, has returned from Chicago, where he served a writ of injunction against W. S. Harman, J. L. Brady, the Illinois State Trust Co. and the State and Lake Bank and Trust Co., restraining them from selling or buying a note for \$12,500 given by Henry G. Fries, a St. Clair County farmer, to J. L. Brady. It is alleged that Fries was induced

to give the note to Brady in return for a promise of \$10,000 worth of preferred stock in a company that is said to be under organization to make a wireless corn planter. Fries was also promised, it is alleged, \$250 in cash, a position as \$20 a month with the company and the management of the company's exhibit at the San Francisco fair.

Holder said he was unable to learn whether the note had been sold before he served the injunction writ. Fries wants the note withheld until the status of the company has been determined. The hearing on the permanency of the injunction will come up during the April term of the Circuit Court at Belleville.

VERDICT WITHHELD  
AFTER TEACHER IS  
TRIED AS SLAPPER

East St. Louis School Tribunal  
to Report to Entire Board  
April 6.

NINE PUPILS TESTIFY  
High School Students Use Autos  
to Bring Out Witnesses for  
Girl Plaintiff.

For four hours, Wednesday night, the Discipline Committee of the East St. Louis Board of Education sat in secret session as judges in the trial of Miss Letta Weber, Latin teacher in the High School, accused of slapping Miss Margaret Smith, 15 years old, a high-school girl, in the face, which resulted in her cheek being cut by one of her eyeglasses.

The testimony of nine pupils and five teachers was taken and the committee reserved decision until it reports to the entire board at a meeting April 4. High-school students were so much interested in the trial of the case they sent automobiles to the homes of the pupil witnesses to take them to the Board of Education Building at Fifth street and St. Louis avenue.

Girl Tells Her Story.  
Miss Smith was the first witness heard by the committee. Harry B. Carson, W. H. Gray and S. J. Cashe. She testified she went into Miss Weber's room before school hours, about a month ago, and was talking with another girl pupil, who sat in a seat across the aisle from her.

Miss Weber, she said, directed her to take a seat in the front of the room. After she had changed her seat, another girl came, and they began talking, she testified. Although the bell had not been rung for study, she said, Miss Weber came to her saying, "This has gone far enough," and slapped her in the face. One of her eyeglasses, under the force of the blow, she said, cut her cheek.

Teacher Says She Lost Patience.  
Miss Weber testified she lost patience with Miss Smith because she persisted in violating the rules against talking. She said she had warned Miss Smith many times not to violate the rules, but that her admonitions had not been heeded.

The students who testified were: Estelle Cotton, Ora B. Thurston, Irene Curtis, Edith Sunderland, Etta Shannon, Diandean Dunn, Effie Rodgers, Ralph Lawton and Byron Tanner. The teachers who testified were: Misses Augusta A. Wilderman, Jennie Rodgers, Nora Bank, Myrtle Denby and Samuel B. Cook.

Miss Smith's father and mother, who reside at 611 North Eleventh street, were at the trial. Smith said Thursday that he was pressing the case against Miss Weber because he wished to exonerate his daughter, who had been, he believed, unjustly punished.

MOVING PICTURE SHOW  
INQUIRY IS REQUESTED

Committee of East Side Commercial Club Says Fire Regulations Are Violated.  
The Ways and Means Committee of the East St. Louis Commercial Club, of which Dr. Robert Rives is chairman, in a resolution addressed to the Mayor, members of the City Council and Board of Fire and Police Commissioners, deploring the lax conditions in picture shows in the city and asks that immediate attention be directed to the matter.

Sherman E. Wilson, secretary-manager of the Commercial Club, said he was not at liberty to make public the contents of the resolution, but it is known that members of the committee who visited picture shows found many persons standing in aisles in violation of city, as well as State fire laws.

The failure of exits to be plainly marked would probably result in the injury to numerous persons should a panic occur, one of the members said.

\$100 FOR PRIZES IN  
CITY BEAUTIFUL CONTEST

Retail Merchants of East St. Louis Make Appropriation as Nucleus of Fund.

The Executive Committee of the Retail Merchants' Association of East St. Louis, which is promoting a city beautiful contest among the pupils of the public schools, Wednesday night appropriated \$100 as the nucleus of a fund to be raised for prizes. The committee expects to swell the fund to \$200 by means of contributions from other civic organizations and individuals.

Rudolph Huelsch has offered to plow the school plots and home yards wherever this assistance may be needed. The Department of Agriculture at Washington has agreed to supply all of the garden seeds required.

Emmet Griffin, superintendent of the East St. Louis Park Board, advised the committee that he would make city beautiful talks in the schools and instruct the children in garden planting. He also announced that citizens desiring improved lawns could have the work done under supervision of the Park Board by paying only the actual cost of labor.

ILLINOIS MINE STRIKE  
EXPECTED NEXT WEEK

A general strike in the Illinois coal fields seems certain for next Wednesday, when the two-year scale agreement expires. Neither the international convention nor the conferences which have followed it were productive of any result in the way of signing a new scale, and as the operators have firmly refused the miners' demands, all mines will close down April 1.

It is the belief of both operators and miners that arbitration will bring a satisfactory conclusion to their negotiations within a few weeks, and this feeling extends to the largest consumers of coal, who are stocking up for a two months' run in the expectation that that will bridge the enforced idleness of the mines.

ROAD BUILDS OVERHEAD  
CROSSING; IT ISN'T USED

Wabash Spends \$15,000 at Edwardsville, Finds Drivers Prefer Dangerous Crossing.

Officials of the Wabash Railroad are wondering just what would make the land owners directly north and west of Edwardsville happy.

For 40 years the Alton street crossing of the Wabash in Edwardsville has been regarded as dangerous. Six parallel tracks are crossed. They are reached by slopes on the east and on the west. Past trains have made the crossing a hazard and a number of lives have been lost there.

Last year it was decided that an overhead crossing was necessary and the Wabash built a viaduct one block north at Hunnicke street, running from the street level at the east and approached by a long grade on the west.

Although completed a month, only two vehicles had passed over it, and yesterday when the road gave notice that the overhead crossing was in readiness and that the watchman would

be discontinued on the grade crossing, there was a storm of protest, practically all the users of the crossing declaring they preferred the old one.

The viaduct cost the Wabash \$15,000.

## 3 DAYS FOR 80-MILE TRIP

Pastor Has Tedious Journey Going to Hardin Funeral.

The Rev. James R. Sager, pastor of the First Presbyterian Church of Edwardsville, departed Thursday noon for Hardin, Ill., to conduct the funeral of Mrs. Emma Harrel, an old friend. While Harrel is only 60 miles away, the round trip will require three days, for it is the county seat of Calhoun, the county without a railroad.

Going to Alton by electric car, the Rev. Mr. Sager will take a boat, which should land him in Hardin Thursday night. The funeral is Friday, but the pastor must wait until Saturday afternoon for the boat to take him back to Alton.

SEVEN EDWARDSVILLE  
DEMOCRATS IN OFFICE

Latest to Receive a Party Plum Is Joseph Hotz, New Special Revenue Agent.

Edwardsville is doing nicely in the way of political recognition since the Democratic success of November, 1912. Only a year has elapsed since the Democrats took office, but there have been seven appointments given to Edwardsville men in that time. They are: T. H. Stokes, Building Association Auditor; H. C. Gerke, Public Administrator; T. F. Reilly, Deputy State Fire Marshal; E. R. Glass, Inheritance Tax Collector; M. R. Kane, member State Board of Architects; L. Teasdale, office assistant, and Joseph Hotz, Special Internal Revenue Agent.

The last appointment, that of Mr. Hotz, was made Wednesday, and will be effective next Tuesday, April 1. His headquarters will be in St. Louis. He formerly was Sheriff of Madison County, and until recently president of the Model Department Store Co. of Edwardsville.

CLOGGED NOSTRILS OPEN AT ONCE,  
HEAD COLDS AND CATARRH VANISH

Try "Ely's Cream Balm."

Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils; penetrates and heals

the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh of a cold, with its running nose, foul mucous dropping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold, catarrh will surely disappear.—ADV.

## How to Make Better Cough Syrup Than You Can Buy

A Family Supply, Saving \$2.00 and Fully Guaranteed.

A full pint of cough syrup—as much as you could buy for \$2.50—can easily be made at home. You will find nothing that takes hold of the ordinary cough more quickly, usually conquering it inside of 24 hours. Excellent, too, for spasmodic croup, whooping cough, bronchial asthma and bronchitis.

Mix one pint of granulated sugar with 1/2 pint of warm water, and stir for 2 minutes. Put 2 1/2 ounces of Pinex (fifty cents' worth) in a pint bottle, then add the Sugar Syrup. It keeps perfectly.

The effect of pine and sugar syrup on the inflamed membranes is well known. Pinex is a most valuable concentrated compound of Norway white pine extract, rich in gualacol and other natural healing pine elements. Other preparations will not work in this combination.

This Pinex and Sugar Syrup remedy has often been imitated, but the old successful mixture has never been equaled. It is now used in more homes than any other cough remedy.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this preparation. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

The Post-Dispatch is the only evening newspaper in St. Louis that receives or publishes news gathered by the Associated Press.

## L. & N. CLERK WINS \$1800 SUIT UNDER U. S. EMPLOYEES' ACT

Case Tried Under Federal Law on Grounds That Accident Delayed Interstate Traffic.

The first case adjudicated under the Federal Employees' Liability Act in Judge Vandeventer's division of the East St. Louis City Court resulted Wednesday evening in a verdict of \$1800 for Charles E. Mitchell against the Louisville & Nashville Railroad.

Under the Illinois Workmen's Compensation Act, Mitchell was allowed \$142 for the loss several months ago of a part of his right foot, and the railroad offered additional compensation of \$140. Mitchell's attorney declined to accept this award and on the ground that interstate commerce was delayed 46 minutes by the accident which caused his client's injury he brought action against the railroad under the Federal Employees' Liability Act.

Mitchell, a night clerk, and he claimed that he was instructed to procure a crew to take a freight train to Hobbs, Ind. He started to get the men, and at Second street and St. Louis avenue his way was blocked by a string of cars.

While passing between these cars the train to which they were coupled started and one-half of his right foot was cut off.

The point involved in the case is a new one and on the ground that the accident caused a delay to freight traveling in interstate commerce Mitchell was able to sue the railroad under the Federal act.

By agreement of attorneys for Mitchell and the railroad the case was tried before Judge Vandeventer in the City Court, the Federal act specifying that such cases may be tried in civil courts when both parties agree to it.

**Wreck of the Monroe Blown Up as Safeguard**

Absence of Bodies Proves Contention Current Carried Them to Sea.

NORFOLK, Va., March 25.—The wreck of the Old Dominion liner Monroe, sunk in January by the Merchants' and Miners' Packet Nantuxet, with a loss of more than 40 lives, has been blown up by the revenue cutter Onondaga, which returned to port today.

Four explosions of gun cotton removed all of the wreck that was a menace to navigation. No bodies were brought to the surface and thus the statements of the divers that they had been swept out by a strong submarine current were verified.

## CHAMPAGNE HAS BIGGEST SALE AT ST. LOUIS CLUB

Nearly Eight Times as Much Spent for It as for Beer, Court Is Informed.

BAR SHOWS A NET LOSS

Statement in Supreme Court Says Debt on \$300,000 Property Is \$180,000.

More than twice as much money is spent for champagne as for any other drink at the St. Louis Club. The smallest expenditure is for beer, for which far less is spent by the club members than for mineral water.

This appears in a statement filed Thursday by the club in the Supreme Court in Jefferson City, in connection with Circuit Attorney Harvey's suit to deprive the club of its charter. A dispatch states that figures, showing bar receipts for the year ending Nov. 30 last are given by the club, as follows:

Champagne, \$264,27; whisky, \$347,07; still wines, \$281,55; mineral waters, \$241,72; ales and beer, \$180,83.

The club states that in the year named it paid \$12,552.08 for liquors, and dispensed liquors to the amount of \$19,684.50. The club states that if the bar department were charged with a fair per cent of its share of the club's operating expenses and interest on bonded debt, it would show a net loss of \$1536.43 for 1913.

Harvey used the St. Louis Club and other clubs, including the Missouri Athletic Club and the Brewery Workers' Club, to take away their charters because they sold liquors without a State or city license, and sold liquor to members on Sunday.

In its agreed statement of fact on this matter, the club admits the charges, but states that it is a bona fide social organization. It has a Government license to sell liquors, employs two bartenders, but does not receive cash for drinks, charging the drinks to the members' accounts.

The value of club grounds, buildings and furnishings is placed at \$200,000 and the bonded indebtedness, it is stated, amounts to 60 per cent of that value, and bears 5 per cent interest. Life memberships are \$1000, and resident members pay an initiation fee of \$50.

**DR. A. J. MILLER ARRESTED AGAIN ON FRAUD CHARGE**

Physician Who, in Letter, Offered to Treat Cancer to Be Held on \$4000 Bond.

Dr. A. J. Miller, a cancer specialist in the Holland Building, who was acquitted on a charge of a scheme to defraud by use of the mails, yesterday, before U. S. Commissioner Irvine Mitchell, was taken into custody Thursday on the same charge. The second warrant was issued by U. S. Commissioner Atkins, and was sworn to by Postoffice Inspector S. O. Wynne.

Commissioner Mitchell yesterday ruled that the Government had not shown enough in its testimony to establish probable cause of guilt, and he refused to bind over Miller for the grand jury.

Under the new warrant the Postoffice Department expects to produce additional evidence sufficient to hold Miller until the grand jury meets next week. A bond of \$1000 will be required pending a preliminary hearing. The case against Miller is based on a test letter sent by a postoffice inspector and answered by Dr. Miller, in which he offered to treat cancer by mail.

**POET REPORTED LOST IN RIVER HE MEMORIALIZED**

Kansas Cityan Was Reputed Wealthy and Published Magazine to Sing Stream's Praises.

KANSAS CITY, Mo., March 26.—Andrew Jackson Sheridan, regarded as an eccentric man of genius in the river front district of Kansas City, Kan., was drowned today, his friends believe, in the Kansas River, a stream he often had memorialized in verse.

Sheridan, who was 74 years old and reputed wealthy, lived in a concrete house he constructed himself on the bank of the river. For many years he edited a magazine, which, as the editorial page set forth, was "devoted to poetry and to health," and "published occasionally." Upon starting out on the river last night he said to a friend: "If I drown you get all my property." His overturned boat was found. Sheridan owned dozens of houseboats and river bank shacks.

**HINDU SOCIALIST PLANS TO FIGHT DEPORTATION**

Arrest in San Francisco Said to Be Result of Investigation Into Sedition in India.

SAN FRANCISCO, March 26.—Friends of Hay Dyal, the Hindu philosopher and advocate of radical social reform, declare determined opposition will be offered to the Government's efforts to deport him as an undesirable alien.

Dyal's arrest by Immigration Inspectors last night is said to be the result of a country-wide investigation into the actions of Hindus in the United States who are accused of fomenting sedition against the British Government of India. It is said other arrests will be made soon.

Dyal, although less than 30 years old, has achieved world-wide reputation among Socialists and revolutionists by his writings and lectures. He is the secretary of the San Francisco Radical Club.

## SUITOR KILLED, GIRL AND MAN WOUNDED IN FIGHT

Two Participants in Revolver Engagement in Speeding Buggy in Kansas Are Arrested.

INDEPENDENCE, Kan., March 26.—William Petty and Andrew Medford, charged with taking part in a fight at Deering, near here, last night, in which Preston Seely was killed, Miss Isabel Stewart injured probably fatally and Medford hurt seriously, were arrested.

## EATING RELIEVES STOMACH TROUBLE

A Prominent Physician's Advice.

"Eat good foods and plenty of them. Dining, in many cases, is almost criminal. Get back to normal. To do so you must have the proper quantity of nourishment. You need it for brain or physical work. Probably there is nothing the matter with your stomach except acidity. That is merely an abnormal secretion of acid in the stomach. 'Neutralize' that acid and your stomach trouble will end at once. Neglect may mean ulcers if not cancer of the stomach. Do not take patented medicines or peptic tablets for dyspepsia. Simply take a neutralizer of acid. Decidedly the best neutralizer is ordinary druggist's bicarbonate of soda. You can get it at any drug store for a few cents. Take a teaspoonful in a quarter glass of water after each meal. The relief will be immediate."—ADV.

near Wann, Ok., today and brought to the county jail here.

Petty, the authorities say, was riding in a buggy with Miss Stewart and Medford, the young woman's brother-in-law, when Seely, standing on the rear axle, attempted to pull Petty from the vehicle. Petty's horse became frightened and ran. In the fight that ensued while the speeding buggy careened from side to side, Seely was shot dead, Miss Stewart was shot through the abdomen and a bullet penetrated Medford's right hand.

Seely is said to have been jealous of Petty's attentions to Miss Stewart.

## OREGON FEDERAL COURT DISSOLVES PHONE TRUST

Bell Company Agrees to Surrender Its Holdings in Northwest Long Distance Lines.

PORTLAND, Ore., March 25.—The so-called telephone trust, by which the Bell system dominates the lines of Washington, Oregon and Idaho, was dissolved without a fight here today, when a decree, accepted by the telephone interests and conceding the Government's demand, was entered in the Federal Court.

In compliance with its terms, the Bell company will give up its holdings in the Northwestern Telephone Co., with lines from Fort Angeles, Wash., to Corvallis, Ore., and in the Interstate Telephone Co., with lines from Spokane, Wash., into Northern Idaho.

The decree condemns as unlawful all contracts by which local companies agree to give their long-distance business to the Bell exclusively and prohibits that company from accepting benefits under such contracts. The usual prohibition is entered against the formation of a like combination in the future.

**Student Dance Barred.**

MANHATTAN, Kan., March 25.—The Board of Administration of the State Agricultural College has just announced that the seniors will not be permitted to hold a class dance this year. The decision followed a request from its members of the class, asking to be permitted to dance, and a petition from

the remaining 102 members of the class, asking that the dance be barred.

## A Message to Thin, Weak, Scrawny Folks

An Easy Way to Gain 10 to 30 lbs. of Solid, Healthy, Permanent Flesh

Thin, nervous, undeveloped men and women everywhere are heard to say: "I can't understand why I do not get fat. I eat plenty of good, nourishing food." The reason is just this: You cannot get fat, no matter how much you eat, unless your digestive organs assimilate the fat-making elements of your food instead of passing them out through the body as waste.

What is needed is a means of gently urging the assimilative functions of the stomach and intestines to absorb the oils and fats and hand them over to the blood, where they may reach the starved, shrunken, run-down tissues, and build them up. The thin person's body is like a dry sponge—eager and hungry for the fatty materials of which it is being deprived by the failure of the alimentary canal to take them from the food. The best way to overcome this starved waste of flesh-building elements and to stop the leakage of fats is to use Sargol, the recently discovered regenerative force that is recommended so highly by physicians here and abroad. Take a little Sargol with every meal, and you will see how quickly your cheeks fill out and a firm, healthy skin every day.

Caution—While Sargol has produced remarkable results in overcoming nervousness, dizziness, and general stomach troubles, it should not be taken unless you are willing to gain ten pounds or more, for it is a wonderful flesh-builder.

## The Devil and Miss Leslie

Even Satanic Powers Cannot Alter Human Nature.

By FRANCES DE WOLFE FENWICK.

MISS LESLIE sat in the crowded ballroom, on a chair against the wall. Her white dress set off to the worst advantage her thin, brown neck and plain, sallow face. She watched the dancers circling and strove with a dull pain at her heart, which deepened to something unpleasantly like agony when in the mazes of the dance, she passed before her, with a very pretty girl in scarlet.

"I would sell my soul to the devil for beauty," Miss Leslie said.

She had not spoken aloud, yet as she turned the devil stood beside her.

"How came you to be here?" she asked.

"I am a frequent visitor in ballrooms," the devil explained.

"What will people think if they see me talking to you?" she inquired, glancing hurriedly around.

"That you have an admirer—whether devil or man will not matter."

"Then you were in earnest when you offered to sell me your soul in exchange for beauty?"

Miss Leslie looked dumbly at the dancer.

"Will you make the bargain?" The girl in scarlet laughed.

"Yes," said Miss Leslie.

"It is wonderful!" said the dowagers.

"The girl was plain yesterday. Of course, neither her complexion nor her hair are her own, and we suspect her teeth; still, where did she get her eyes?"

"By Jove," said the men, "did you ever see such a beauty? She's a regular stunner!"

"She's a good-looking girl, no doubt," said he, "but not my style. I hate a handsome stick. Give me a woman who can talk!"

"Are you ready?" said the Devil.

"No, no," said Miss Leslie feverishly. "I made a mistake. I sold my soul for beauty, but it is not what I want. Give me that, I beseech you, and then you may have my soul!"

The Devil chuckled.

"It is wonderful!" said the dowagers again. "The girl had not a word to say for herself yesterday, and now she positively scintillates. Of course, she gets up her conversations; but how do you account for her repartees?"

"She is certainly entertaining," said he. "But what's the use of a pauper like me considering whether a girl's pretty or brilliant? I've got to go in for someone with money."

"Are you ready?" said the Devil.

"No, no," said Miss Leslie wildly. "Again I was mistaken. It is money he needs. Add wealth to my wit and beauty and then he will love me and I will give you my soul—oh, so willingly!"

The Devil laughed.

"You shall have wealth!" he said.

"It is wonderful!" said the dowagers once more. "The girl was poor yesterday. Of course, extreme wealth is vulgar—still it must be nice to have it!"

"By Jove," said the men, "do you know what the girl's worth? She has inherited three good-sized fortunes!"

"She has lots of money," said he, "and she is certainly pretty and bright. I shall marry her if she will have me!"

"Are you ready?" said the Devil.

"Yes," said Miss Leslie. "I am quite ready now!"

The Devil offered her his arm.

"Only"—she added hesitatingly—"I should like just one thing more."

"Only I should like just one thing more," said Miss Leslie timidly yet hopefully. "Can you arrange, dear Devil, that he shall love me, not for my beauty?"

"Yes," said the Devil patiently.

"Not for my wit?"

"Yes," said the Devil wearily.

"And not for my money. Just for myself!"

The Devil disengaged his arm.

"I will do anything in the world to please a lady," he said, bowing courteously, "except alter human nature. I have the honor to wish you a very good evening!"

### Easy Gardening.

THE advantages that are offered by the postoffice and by special rates of the express companies have simplified rose culture beyond the dreams of former years. Florists are fully prepared to fill orders, from all parts, for roses of every size. One and two year old plants grown in pots, with active roots, are ready to start growth as soon as bedded or repotted. They lose no time in blooming within a month, continuing with unabated vigor until frosty weather. Then I have had dormant plants of large sizes sent per "general parcel" express, in full bloom in eight weeks, continuing the entire following season. The method of planting large, dormant rose plants is made possible by cold storage, which florists have reduced to a science so practical that amateur rose growers derive full benefit, with no complexities and no failures in budding out the roses in April—Suburban Life—The Country Magazine for April.

### Brain Rifle Cartridges.

By the use of steel instead of brass in rifle cartridges the German army has increased the number of rounds of ammunition that a soldier can carry from 150 to 160.

Some men seem to think they have turned a mighty smart trick when they are able to sneak out of the house in the morning without having "lifted" the kitchen range asparagus—Philadelphia Inquirer.

## How to Make a Window Garden Told by Uncle Sam's Own Experts

BYRNES

WE offer some window garden suggestions sent out by the Department of Agriculture at Washington. If more details are desired they may be obtained by the reader by writing to the department for its bulletin No. 433. Address the Bureau of Plant Industry in care of the Department of Agriculture, Washington.

Seeds are first planted in 3 to 4 inch pots. Cover with glass and set in a warm, light place. In three days place a match under the glass to admit air and three days later substitute a pencil for the match. When the plants are one eighth to one-fourth of an inch high they should be thinned out and when they are from one-half an inch to an inch high they should be transferred to the window box or the pots which are to be used in the window.

The soil into which they are transferred should be sandy and should be enriched with stable manure.

Window boxes should have holes bored in the front near the bottom or in the bottom itself about six inches apart and a layer of broken crocks should be placed in the bottom. The boxes should be used in the window.

Blindness is more common in men than in women of Great Britain, the proportion, according to the last census returns being one in every 1315 males and one in every 1024 females. As regards deafness, however, the position is reversed.

Lumber for Box Industry. More than 370,000,000 feet of lumber are yearly used in New York State in making boxes.

Autos Can't Block Streets. In Los Angeles automobiles may not stand along the curb more than 15 minutes at one time.

Model Farm Buildings. Italian farm houses need improving, according to the opinion of the Government, which has offered \$7500 in premiums to be awarded for encouraging the construction of model farm buildings.

New Fire Extinguishers. Excellent results have been obtained in Germany by experiments with extinguishing fires with a mixture of solutions of caustic soda and alum, which forms an air-excluding foam.

Not be more than 10 nor less than four inches deep. Except on continued rainy or cloudy days the plants should be watered daily.

Some of the flowering plants especially suited for window gardening are the ageratum, the aster, the calceola, the candytuft, the California poppy, the Chinese pink, the chrysanthemum, the lobelia, the mignonette, the nasturtium, the pansy, the petunia, the poppy, the snapdragon, the sweet alyssum, the verbena and the zinnia.

## DOCTOR SAYS WIFE SOLD HIS CLOTHES FOR SUFFRAGE TRIP

Heart Specialist Asks Divorce When Blamed for Arrest of Son as Auto-Robber.

CINCINNATI, March 26.—That his wife wanted to be a political and social leader, that she sold his clothing so she might go to Washington in 1913 to attend a suffrage convention, that she called him names for years, threw knives and tableware at him and finally caused a false story to be printed, blaming him for the trouble in which their son, Edwin, is involved in Dayton, are charges made by Dr. E. H. von Walden, a heart specialist, in a suit for divorce filed today. Mrs. von Walden is well known in women's clubs and suffrage movements.

Edwin von Walden, 21, the oldest son of the couple, was arrested at Columbus yesterday on a charge of shooting with intent to kill a boy in Dayton. A detective is in Dayton to take the young man back to Detroit, where he is suspected of being the auto-bandit who robbed the clerk of the Metropole Hotel last Thursday.

**Son's Arrest Causes Suit.**  
The suit for divorce is, indirectly, the result of the arrest of the son. Von Walden asks the custody of their nine children. He declares the language his wife used in the presence of the children made their home an improper place for them.

In referring to his son's plight, Dr. von Walden says:  
"In fact, if any blame is attached to either parent, it is because the defendant, by constant neglect of her home and children, on account of her time being entirely occupied at clubs and with movements that are less important than the home, allowed her children to grow up without proper home teaching as to their conduct."

**Other Charges Against Wife.**  
Dr. von Walden alleges that his wife threatened to strike him with a deer horn only yesterday. She lives beyond his means, he says, in order to hold up her end in society. He asserts his wife's habit of calling him "vile names" each morning has rendered his home an unfit place to live in.

The couple were married in Palestine, Tex., in October, 1901. They came to Cincinnati five years ago from Chicago. Shortly after Mrs. von Walden helped to organize the Women's Taxpayers' League.

The interview referred to in Dr. von Walden's petition was published in a Cincinnati paper. In it Mrs. von Walden is quoted as saying that her husband kicked the son out of a 47-week position to give it to a girl at \$15. She threatened to use force to oust the girl, who did not go to the office this morning.

### BOYS HAVE TEN-HOUR RIDE IN STOLEN RIG

They Drive Up One Street and Down Another in Vehicle Taken From Exchange.

Paul Zingel, 13 years old, of 3019 North Twentieth street, and Sam De Costa, 11, of 1824 North Fourteenth street, had a 10-hour joy ride with a stolen horse and buggy Wednesday before they were arrested and sent to the House of Detention.

Eugene Genall, an employee of the Missouri District Telegraph Co., saw the boys driving past Seventh and Pine streets at 11:30 p. m. and stopped them. They told him they were on their way to the Merchants' Exchange, where they had driven away in the buggy at 1:30 p. m. Since then, they said, they had been driving up one street and down another, not even stopping to eat.

The buggy belonged to C. H. Meyer of the Meyer Bros. Hay and Grain Co., 1109 Cass avenue, who was in the Merchants' Exchange when it was stolen.

### BLIND 29 YEARS, FIRST HE SEES IS T. R.'S PHOTO

"Looks Just Like I Thought He Would," Man Comments, and Adds, "He's Some Man"

ATLANTIC, N. J., March 26.—"Show me a photograph of Teddy Roosevelt," was the request of Harry F. Smith, 70 years old and a veteran of the Civil War, today, when he regained his sight, after 29 years of blindness.

The use one eye had been restored by Dr. Frederick Frisch and the old soldier's request came immediately after the bandage was removed. "Hi! He looks just like I thought he would. Believe me, he's some man!" Smith declared as he looked over a photograph of the Colonel. He has been a steadfast admirer of the Bull Moose for many years. Now his ambition is to see an aeroplane in action.

### MCKINLEY TO RUN AGAIN

Former Congressman Announces Candidacy on Return From Abroad.

CHICAGO, March 26.—William B. McKinley, former member of Congress and manager of former President Taft's campaign for re-election, has returned from a seven months' trip around the world and announced his candidacy for Congress from the Nineteenth District. McKinley was considered to be one of the wealthiest representatives in the House. He stood for re-election two years ago but was defeated.

By ROY L. MCCARDELL.

## Mr. Jarr Is Tired of Getting All the Blame for Everything.

"DON'T speak to me!" cried Mrs. Jarr, as she petted the weeping Irene Cackleberry, who laid her girlish head on Mrs. Jarr's shoulders and enjoyed a good weeping cry.

Mrs. Jarr wasn't speaking to Capt. Tynnefoyle's fair young fiancée. She was addressing Mr. Jarr. She always told him not to speak to her when she was blaming anything on him. Generally, Mrs. Jarr didn't attempt to speak. It would have taken edged words to find an intonation in Mrs. Jarr's flow of incessant verbiage.

As for Miss Cackleberry, that young lady couldn't trust herself to address any remarks whatsoever to Mr. Jarr. She despised him so at the moment she didn't even care that he saw how red her nose was.

"It's a shame, dearie, it's a shame!" Mrs. Jarr went on—this time she was addressing Miss Cackleberry—"to think that our delightful evening at the theater, our grand 'Military Night,' should be spoiled because Mr. Jarr encouraged our Willie to put his arms around poor Capt. Tynnefoyle last week and give him the measles. And Capt. Tynnefoyle has given it to his entire regiment and it is quarantined in the armory and the grand show, which we didn't get to see, 'The Girl from the Cheese Factory' had to close. It's a shame, a shame!"

Mr. Jarr was almost on the point of saying it was a measly shame. But he realized Mrs. Jarr could get a separation for extreme cruelty. So he only tried to look sorry.

"And poor Mr. Harold Dogstony, the gentlemanly press agent, loses his position," Mrs. Jarr went on, but she wasn't speaking to Mr. Jarr. "Never mind, dearie, while Capt. Tynnefoyle is ill we will invite Mrs. Dogstony up to the house. He dresses elegantly and I'm sure he is refined. Maybe a press agent's occupation is more remunerative than that of a carpet salesman, and Capt. Tynnefoyle may lose that position if he kept long from the carpet department of the department store by this treacherous attack of measles!" And when she said "treacherous attack" she gave Mr. Jarr another scornful glance.

Mr. Jarr knew someone had to take the blame, and he was used to taking it. Besides what was the use of endeavor to secure sanctuary at Gus' popular cafe of the corner? He realized, for the time being at least, he wasn't very popular at Gus' popular cafe.

"And on top of it all," sobbed Mrs. Jarr—"on top of it all, to think those wonderful and unrefined persons from this neighborhood that Mr. Jarr WILL persist in associating with, his Gusman, and his Blavinskys and his Ruppers and his Raffertys and his Mullers and his Ranges—even Albert, the street sweeper! They were all there mobbing the box office and demanding their money back—when they had to admit they couldn't see a show. But had some-

them free tickets just to make a show of us!"

Mr. Jarr wondered whether he was to be shot at sunrise or simply banished for life.

"But, my dear!" he ventured.

"Don't 'dear' me!" cried Mrs. Jarr. "Let this be a warning to you, Irene! If you ever do marry any man, never trust him, though he smiles like a snake!"

Speaking of smiling like a snake reminded Miss Cackleberry of her dear stepfather, the King Snake of the Society of Sagacious and Splendid Snakes, Mr. Bernard Blodger.

"Where is my dear, my splendid stepfather?" cried Miss Cackleberry. "Oh, how I long to fly to him!"

Generally she longed to fly to him.

"Where, oh, where is my dear stepfather?" she repeated hysterically.

"Why, he's at Gus', I believe," answered Mrs. Jarr. "Claude, the fireman, told me as I passed the engine house that Harry Blodger was in Gus' baggage car and snored a heck out of a ten-

# Pa's Diary

By Hazen Conklin.

I GOT a letter from Charlie Higgins today. He wants me to give him a job down to the general offices. There ain't no fence that ain't got a knot hole in it somewhere and generally I can find it and peek through at what's goin' on behind it.

Charlie's letter wasn't no fence. It was a glass partition like those I've got down to the office settin' me off from the clerks. I could see right through it. He says: "I'd appreciate a chance to get into the business end, because the works don't offer so wide an opportunity."

I know what that opportunity is. It's to be where he can keep an eye on Charlie. If he knows the way things was goin' he'd want to keep both eyes on her, but I wouldn't dast to bring him down here just now. There's too much smoke just now, and he'd get his eyes full of it.

Not but what I'd like to have him come. He's a bright young feller and I thought some time I'd have him trained up so's to be superintendent of the works, but a good man'll fit in most anywhere. Only he's a lot better off where he is, even if he don't know it.

I writ him back a letter and told him to hang off a while and I'd see what I could do for him. Maybe Charlie will get this match-makin' bug out of her head after she sees how a few of the samples turn out. I'd like nothin' better than to see her married to Charlie, for he's a safe sort of feller and he was dead in love with her long before I made my pile.

Way back when they were kids I remember how he used to pound the stuffin' out of the boys at school fer callin' her "soap-suds." That was when I was gettin' my business started in an old shed back of the house. "Dobbin's Soap" wasn't as popular then days. I couldn't even sell it to the neighbors. I can't now, for that matter. They expect me to give it to 'em.

That young Van der Loon was here's tonight, but he didn't stay long. He went down to see him and to tell him Charlie had a headache. Ma and Charlie had quite a lively scrap; first, Charlie wanted to go down, but Ma was set, and knowin' Ma as I do, I knew she'd have her way. She was grim around the mouth when Charlie told her at supper that way there's storms brewin'. As a piece of ornamental but useless furniture Perseval's what Charlie would call a Lardie Quince.

A feller was in to see me today. His publishin' house, he said, was gettin' out a book called "America's Foremost Business Men." I'd been picked, he claimed, as one of the hundred biggest men who was to have their pictures printed full-page size with another full-page of readin' matter.

When I'd agreed to let him put me in as a surprise to Ma he explained that while the book would be on sale to the general public at \$5 a copy, and would be grabbed up like hot cakes, they was gettin' out an edition de Luxe for personal distribution amongst us big men's friends which we could have for \$25 each. And when I'd agreed to take four of 'em he explained to me that in order to cover the initial cost of printing and binding we was expected to subscribe.

## WHERE THE MONEY COMES IN.

W. HENDERSON, former Probate Judge, has a fine chicken farm in the county and makes a specialty of raising prize winners under the name of "The Henderson Strain." The other day Judge Henderson met his friend, H. P. Hilliard, President of the Central National Bank, whose hobby is the breeding of Berkshire hogs.

"Tell me, Judge," asked Mr. Hilliard, "is there any money in raising chickens?"

"Hundreds of persons ask me that question every day," Judge Henderson replied, "and I want to tell you as I tell them—there are barrels and barrels of money in raising chickens. I know; I put it there."

## Perfectly Dressed

From the tips of her tiny shoes to the turn-of-back brim of her natty bonnet, the Redfern lady bespeaks perfection itself.

Her well-tailored dressy suit hangs straight without a suspicion of the corset beneath.

But the corset is there—a Redfern—admirably shaped and carefully fitted to delineate the beautiful, natural figure lines.

You also should wear a Redfern. The exclusive Redfern models creating the natural resilient figure are shown in all the stores.

Be fitted—a Redfern is authentic style—wherever Redfern Corsets are sold; they are adjusted by experienced fitters.
